Information Service Access Blocking is available to all customers. This feature blocks all outgoing 900 or 976 prefix numbers. The initial blocking request is provided at no charge. Please check the choice below if you would like to block 900 or 976 numbers. STC gives you the option to block all calls to 900 numbers dialed from your home or business. The 900 service allows you to reach a variety of long distance and entertainment sources on a pay-per-call basis. However, customers may prefer to have access to these services blocked.
